Method & Production

From a single hillside vineyard called 'Sant'Urbano' in the municipality of Fumane, in the Valpolicella Classica area. Manual selection of the best bunches of grapes in September/October. Drying for 110 days in specialized drying rooms with ideal conditions in terms of temperature, humidity, and ventilation. Pressing in January. Maceration at 18 - 20°C in stainless steel tanks for a period of 28 days with periodic pumping over and déstage. Separation from the skins in February and completion of alcoholic and malolactic fermentation in 50hl oak barrels. Ageing in 500l French tonneaux oak casks for 24 months and in 20-40hl Slavonian oak barrels for 18 months. Refinement in the bottle.
